LC Fiber Optic Connector Plug and Clamp Tool V1

The LC Fiber Optic Connector Plug and Clamp Tool is a specialized tool designed for the safe and efficient removal of LC fiber optic connectors in high-density environments. Its ergonomic design ensures precision handling, reducing the risk of damage to connectors and fiber optic ports while increasing work efficiency

Key Features

- High Precision Connector Handling: Designed for LC, and other flange-type fiber optic connectors.
- Accurate and Fast Operation: Ensures faster plug-in and clamping compared to manual handling.
- Durable Construction: Made from high-quality metal with a corrosion-resistant finish.
- Lightweight & Compact: Ideal for field technicians and data center operations.
- Universal Compatibility: Suitable for FTTH, FTTB, and FTTX applications.

Parameter	Specification
Model Code	KNP1
Material Type	Glass filled PPS
Colour	Black
Applicable Connectors	LC, and similar types
